

CHIROPRACTIC INJECTABLE NUTRIENTS CERTIFICATION PROGRAM

Once you have completed the coursework, you may apply for the “on-line” examination. The credentialing arm of the American Academy of Chiropractic Physicians which is the same entity that examines and grants the Advanced Practice Chiropractic Physician credential in New Mexico, will provide you with the specifics. The test is approximately 175 questions. There is a modest charge for the examination.

Make your checks out to, and mail them along with your completed Enrollment Form to: Marion Medical, P.C. , 3808 E. 51st Street, Tulsa, Oklahoma 74135. If you have any questions, please call 918-749-3797.

These courses are sponsored by Marion Medical, P.C., the Oklahoma Association for Advanced Chiropractic Medicine, the Institute for Chiropractic Pharmacotherapy, Texas Chiropractic College, and the Key Company in collaboration with the Unified Chiropractic Association.

Oklahoma law states that you must be certified by the Oklahoma Board of Chiropractic Examiners to legally perform injectable nutrient procedures in the State of Oklahoma.

This course is designed to augment the Chiropractic physician’s ancillary therapeutic modalities through the application of injectable procedures in which nutritional pharmacotherapeutic substances are clinically administered.

The course will include 24 hours of lecture and “hands-on” lab, whereby the Chiropractic physician would receive classroom instruction in laboratory diagnosis of pathology as it relates to the use of injectable, nutritional substances, indications and contraindications including areas within risk management; OSHA requirements for your employees as well as public health concerns; technical instruction regarding proper injection techniques; and physically applying them (will require review of some anatomy); emergency procedures for shock; differentially diagnosing referred visceral pain from neuromusculoskeletal etiologies; and protocols for musculoskeletal and primary care conditions.

Every attempt is made to offer these seminars as publicized; however, the Oklahoma Association for Advanced Chiropractic Medicine in collaboration with the Unified Chiropractic Association reserves the right to adjust seminar locations, dates, times, etc. due to circumstances beyond our control. No audio or video tape recorders are allowed, and no portion of the seminar may be reproduced in any manner without expressed written consent. Pre-registration is required. The OAACM, Marion Medical, nor the Unified Chiropractic Association can be held responsible for any expenses incurred by registrar if a program must be altered and/or cancelled. Seminar fee is non-refundable. If the Doctor is unable to attend after pre-registering and payment has been received, the seminar fee will be transferred to another Injectable Seminar (attended within 12 months of the original seminar) for an administration fee of \$25. Any seminar fee not transferred and used within 12 months will be forfeited.
